## Happy Halloween

**Have a safe and Happy Halloween. Be careful this Halloween, especially when driving. Little ghosts and goblins may be crossing the street.**

**Please help us by reporting any sign of vandals**

FYI: When the hint of cooler weather arrives, our maintenance department will be setting the thermostats to heat as the work orders arrive. Once the thermostat is set to heat and turned on for the fall/winter weather conditions, the a/c's will no longer produce cool air for the remainder of the fall/winter season. HAD will not be switching the system from heat to cool and back to heat again until the next spring/summer season.

**October is Breast  
Cancer Awareness  
Month.**

### **"If you see something, say something"**

If you know of criminal activity around your apartment, please contact the Darlington Police Department 911, tell them it's not an emergency. Please do not assume the Housing Authority has knowledge of the illegal activity, and do not rely on one of your neighbors to file the complaint. Do your part in making the community a safe one. If you wish to remain anonymous, you can leave the information in the Crime Block Drop Box outside the HAD office.
