About August

- August was named in honor of Augustus Caesar. It has 31 days because Augustus wanted as many days as Julius Caesar's month of July had*. Previously named Sextilis in Latin, it was the sixth month of the Roman calendar.
*They took that extra day from February.
- The birth flowers for August are gladiolas and poppy.
- In the United States, it is National Goat Cheese Month.
- It is the eighth month of the year in the Gregorian Calendar and is one of seven months to contain 31 days.
- There are more vacations and holidays taken in this month more than any other.
